Dar El Tarbiah American School, Zamalek

Highlights

Are you ready? Winter is almost over and the trees and flowers are starting to bloom. Spring is around the corner! As Easter approaches promising a short holiday, and time with friends and family, it's time to pull ourselves together and tie up all those loose ends. Make sure we have all our work done; that all our assignments are in order. Top grades this time so that we can enjoy our break in peace.....hmmm

Great quotes for you to remember!

Remember everyone! March 21st coming up! Time to celebrate the most important lady in our lives: MOM

"Men are what their mothers made them."

by: Ralph Waldo Emerson

"A mother is a mother still, The holiest thing alive."

Samuel Taylor Coleridge

FUN FUN FUN FUN FUN FUN FUN FUN FUN FUN

Three cheers for our community service volunteers!!! It was so much fun!

Why do We use Technology in Learning?

It can be fun and memorable. Technology in class helps to switch students' attention from teacher to the material itself. It brings variety / It can be an ALTERNATIVE to another page in the course book. If used creatively as visual prompts to stimulate classroom interaction, as flashcards for teaching vocabulary etc then IWB lessons can be fantastic. It livens up the classroom and gives me the chance to explore any suggestion/wishes from the students. It really seems to get and hold students' attention. Digital books allow teachers to conduct more collaborative lessons. Authentic materials are available in the classroom, which means BBC, YouTube and other sites can be utilized in lessons. It expands the variety of materials you use and can allow you to tailor lessons to meet the classes' needs and interests more easily. It makes learning memorable, visual reinforcement, something new.

Dear Teacher,

**While teaching,
you put in
Your heart and soul, it shows
As students, we appreciate it
Is what we want you to know
Even though we don't
Express it out aloud
Of your significant contribution**

How Do We Improve our Grades?!

- Improve Grades in School By Keeping an Assignment Book or Student Planner
- Get Higher Grades by Taking Notes in Class
- Take Reading Notes to Improve Reading Comprehension
- Keep Lines of Communication Open with College Professors and Teachers

Trip to Wadi El Rayan Waterfalls & Sand Boarding in Fayoum

A trip to Suez Canal

A trip to Alexandria. “Bey Citadel” and “Bibliotheca Alexandria’s Library”,

DREAMPARK

**Drop
Everything and Read!!**

**Is it time for lunch yet??
